Minor in Computer Science
Worksheet for CATALOG YEARS: Fall 2000 – 2002
* Means Anticipated

NAME:_____________________________________  Student ID: __________

Special Considerations:

1. For Computer Engineering Technology majors, the minor is built into the degree program. There are no additional courses to take for the minor.

2. For Computer Engineering majors, the requirement is that you take two 3 credit 400 level CS elective courses beyond the courses required for your major.

For Everyone Else:

CS 150  Introduction to Programming
CS 250  Problem Solving and Programming
CS 361  Advanced Data Structures and Algorithms
CS 451  Software Engineering Survey // or CS 350
        Introduction to Software Engineering
CS 400-level elective *
CS 400-level elective *

* Some 300 level courses may be substituted for the 400 level courses.

For course not listed below, one should check with a CS advisor before taking them.

- Normally CS 300U, 333, 334, 367, 368 and 381 may not be substituted for the 400 level elective requirements.
- CS 312, 355 and 390 may always be used as substitutions.
- Some but not all CS 395 courses may be used as substitutions.
- One may choose to take both CS 350 and CS 451, in which case the 451 will be used to satisfy one of the senior electives.
